Oxfam Rice Event 2022 Donation Form

(Please email / fax to us by 22 April 2022)

The world has gone through two years of an unprecedented pandemic. COVID-19 has impacted everyone. Hong Kong now battles the fifth and most severe outbreak of the virus. Many did not only fall ill, some were also left with no way of earning an income during their sick days. And with the inflated prices, low-income families are now struggling to afford food to put on the table.

On top of our immediate response and other assistance we are and will be providing, we are also launching Oxfam Rice 2022. Through it, we aim to distribute at least 2 tons of rice to families experiencing poverty from April to May.

Our immediate responses

During the fifth wave, Oxfam quickly:

- Teamed up with Cleaning Workers Union to distribute rapid antigen test kits to outsourced cleaners and low-income households; we have distributed 36,000 kits so far.
- Began distributing COVID test kits on top of nutritious meal kits to all Give A Meal participants.
- Shared the latest social distancing measures and arrangements with ethnic minority communities.
- Began providing online Chinese courses to small groups of non-Chinese speaking students so they do not fall behind as summer break begins early.
- Worked with local partners to produce videos showing children who live in subdivided flats how they can exercise in the limited space they have.

There is still much more to do and we need your support! Please consider supporting our work so we can reach more people in need.
